WHY GOSECURE TITAN® MANAGED PERIMETER DEFENSE

BETTER SECURITY 24X7
Your firewall deployment is kept up-to-date and is adapted to your specific requirements as they evolve. Our experts monitor your environment and respond to alerts.

EASIER MAINTENANCE
We provide the ongoing management to keep your network security updated and running smoothly.

FASTER DEPLOYMENT
Our experts configure and install each firewall to best meet your needs, including setting rules and exceptions.

REDUCED EXPENSE
We eliminate the need for your team to spend time configuring and maintaining firewalls and there is usually no upfront capital expense since our team uses your existing equipment.

GOSECURE TITAN® MANAGED PERIMETER DEFENSE

2023

[24×7 Monitoring and Management of Your Perimeter Defenses]

Ensuring network viability, addressing vulnerabilities and preventing configuration errors presents an immense challenge today, and firewall management remains an organization's primary network defense. By having our team of GoSecure Titan experts manage it for you, your team is freed up to work on other high priority initiatives.

GoSecure Titan® Managed Perimeter Defense helps organizations address the challenge of monitoring and managing their firewall infrastructure. Whether a single firewall, or hundreds, GoSecure has the skills and resources to manage any size environment. Operating 24x7x365, the GoSecure Security Operations Center (SOC) provides global coverage to keep your firewalls operating at peak efficiency.

GoSecure will monitor, support and maintain the managed systems according to a predefined Service Level Agreement (SLA). GoSecure can administer most firewall technologies under our standard operations packages, as well as administer IPS, advanced applications, and content security. APT analysis is available on request.

Firewalls have always been an important part of protecting an organization's infrastructure, but recently there has been a change as teams tend to shift their focus to emerging technology. With **GoSecure Titan® Managed Perimeter Defense**, organizations can rest assured knowing their entire firewall infrastructure is operating at maximum efficiency. And when something does happen, or changes need to be made, GoSecure is there to help.

Start benefiting today from these and other advantages. Partner with GoSecure to ensure round-the-clock management of your security infrastructure.
